VELO ARM WARMER

The VELO ARM WARMER is made with full printable lycra or thermo lycra. Designed to keep your arms warm while having the ability to breathe and dry quickly. The unique cut ensures a comfortable and customized fit.

SIZING:
XXS - XXL

VELO PRO SOCK LONG

Designed for maximum breathability and all-day comfort, the Coolmax Yarn uses advanced moisture-wicking fibers to keep your feet dry and cool in hot and demanding riding conditions. The lightweight knitted structure promotes airflow, while targeted compression supports the arch and enhances overall fit.

SIZING:

S/M – L/XL

VELO AEROSKIN SOCK

Developed to enhance aerodynamic efficiency and race-day performance, the AeroSkin Lycra sock is engineered with speed, high-stretch Lycra upper that reduces air turbulence around the lower leg. Paired with a breathable, moisture-wicking footbed, it delivers a secure, comfortable fit for high-intensity riding and racing.

SIZING:

S/M – L/XL
